I absolutely enjoyed Professor Chaejjitaneaaa's class! Some positives include: 1. Always willing and available to help me out with any questions that I have 2. She is very organized and structured 3. Gave a lot of practice problems for quizzes and midterms which are super helpful

As a mechanical engineering major taking this class for my minor, everything made sense without having economics background.

Ms. Veeramoothoo was a very effective TA that I'm sure would go on to make a great professor someday
